Saturday to Sunday's waste  
Then Monday's soon around  
It's time to leave the nightlife first  
And catch the last bus out of town  
And the sentiment of the last song that I heard  
Stays with me as if I'd written every word  
I thought I saw an open door  
With a bright light shining through  
But what it was I don't recall  
But I think you've seen it too  
And these are the days and the ways I've known  
Dreaming that this bird has flown  
Chorus  
And if you burn your fingers in the fire  
Remember me and my desire  
It might be easier this way  
Could be easier that way  
It's got to be easier this way  
If you're trying to change the world  
I saw a film just made for me  
Said you've got to walk the line  
The day will come when I feed the flames  
I'm just biding my time  
These are the days and the ways I've known  
Just dreaming that this bird has flown  
Chorus
