(I don't have to tell you things are bad,  
Everyone knows it; it's a depression.  
Crowds are running wild in the streets,  
But nobody anywhere seems to know  
What to do with them  
-- now listen ...  
You know the air is unfit to breath  
, our food is unfit to eat.  
We know things are bad,  
Worse than bad; T  
Hey're crazy,  
It's like everything everywhere  
Is going crazy  
So we don't go out anymore.  
We sit in the house and slowly  
The world we're living in is getting smaller  
And all we say is  
"Please ... at least leave us alone in our living room."  
All I know is  
That first we've got to get mad ...  
You've got to say  
"I'm a human being GOD DAMN IT!  
-- my life has value!"  
I want you to get up right now  
I want you to get up now  
I want all of you to get up out of your chairs  
I want you to get up right now  
I want you to get up right now  
I want you to get up now  
I want all of you to get up out of your chair  
S -- I want you to get up right now  
And go to the window,  
Open it and stick your head out and yell ...  
"I'M AS MAD AS HELL AND I'M NOT GOING TO TAKE THIS  
ANY MORE!" )

Summer UK '93  
Controlled substances in hand  
Flash photos on location  
Final end solution  
Road block  
Cash from chaos received

This sun burns more than you believe  
The smell of C.S. gas  
Confusion of the mass  
Cold sweat

Warning  
Out of control  
You know we know  
Turning your face away  
But where to go

Shake it down by any means  
You know you've seen this all before  
Broken words from loud hailers  
Hands raised in the air  
And no tune

Armed surveillance last dance  
Sparks fly at the first glance  
Helpless face within the flame  
First purge of the new game  
Crass press
