Like fallen leaves  
Victims of time  
Memories of old times  
Wind blows, they fly

Forgotten promises  
Someone else's dreams  
It wasn't you  
It wasn't me  
It wasn't reality

Don't say you're sorry  
For once treating me so wrong  
You sure did hurt me then  
But the tears, they are long gone

So after all this time  
When you ask me how I am  
Couldn't tell  
Couldn't say  
Oh, try to understand

Don't touch the sun  
Don't touch the sun  
It'll burn you alive  
Ashes to the ground  
And it's all about the stages  
Where lovers turn to strangers  
Leaving just a shadow in the heart

Oh Lord, I was just a young boy  
I thought love's a friend  
I couldn't read between the lines  
No I didn't understand

That reaching out for you  
Was like reaching for the sun  
Hurt my eyes  
Struck my mind  
And then burned my heart

Don't touch the sun [2x]

Oh, the sun  
Don't touch the sun

Don't touch the sun, no no [2x]  
The sun  
Don't touch the sun, no no, no no  
It'll burn you alive, no no no  
The sun  
Don't touch the sun, no, no, no, no
