Trying to stay on my feet
Jammed and pushed in the line to the theatre
I could hear my own heart beats
As the opening time drew nearer
There he is on the screen
The undefeatable ultimate fighter
And the giant adventure is calling, calling
Excitement gets higher and higher

Heroes fight to the end
They always will win
Rising to heights of glory
For a moment I felt
I was just like them
Watching in awe

Looking at them heroes
Feelin' like a superstar
Silver screen immortals
Movie gods
I wish I were like 'em
Movie Gods

She's the angel of dreams
Oh, I wish she was looking at me
The way she looks in the face of the hero, hero
There's sparks in the air, for granted

Saw the small town skies
Through my bedroom window
Half awake half drifting in haze
Flying in dreams
One day I'd leave
To where dreams can come true
Maybe I could be like him
For someone like her
