Hear, I've come to you my friend
With a burdened heart, of grief and pain
Here, your road has come to end
And I must walk away

I see, you've come the evil kind
Not the boy you once were
All worlds ago
Oh, somewhere along the line
Your soul went blind
Now you can't see me like I see you

[Refrain:]
Long gone are those days,
When we were young, we were brothers
We laughed, we fought, we cried
And now it's killing me
Like it's killing you
The stranger in your heart

I know I looked the other way
As you stepped across that line
From childish to evil
You've only got yourself to blame
But I can't help the tears
When you can't see me like I see you

[Refrain]

If I had one wish
If I had that power
I'd turn back the tides of time
But it's killing me
Like it's killing you
The stranger in your heart
In your heart

And my only sin was to love you like a brother
You stole, you killed, you lied
Now it's killing me
Like it's killing you
The stranger in your heart

You once had your dreams
But they're all gone forever
Can't turn back the tides of time
And it's killing me
Like it's killing you
The stranger in your heart
In your heart

The stranger [3x]
The stranger in your heart..
In your heart
The stranger in your heart..
