I can feel the invitation
Silent whispers softly calling me
Words between the lines that
Only a child wouldn't know

I fear the fascination
That is trying to get a hold of me
Beneath the surface lies the danger
Of losing my soul

Again you come to me
Just like a dirty dream
And I fall into a burning fever

You got a mission for me
Temptation I feel I'm falling

[Refrain:]
Raise your hands and reach the sky
Lean back and close your eyes
Dance to the twilight symphony
Fulfill your fantasies
And live your secret dreams
Dance to the twilight symphony

I'm losing destination
My hands are tied while yours are working me
Twisting my mind, burning, blinking my eyes
'Til I can't see

Are you the devil calling?
Oh God, I think I'm falling

[Refrain 2x]

Raise your hands and reach the sky
Oh, reach the skies and dance...
Twilight symphony
Fulfill your fantasies
Oh, fulfill your fantasies and dance
Twilight symphony
Raise your hands and reach the sky

Oh, reach the sky and dance to the
Twilight symphony
Fulfill your fantasies
Let it by, let it go
'Cause I know
Twilight symphony
