I'm sittin here thinkin bout ya girl
and I know that ya want me in ya world.
I'll be, I'll call u on the phone tonight
Baby, let's take it to the room and make it right (oh
yeah)

Your smile, your face, your attitude
girl ya know u got me in the mood
Let's make this tonight
Girl when your feelin me (yeah boy ya know I want that
too)
maybe we can take it to the room (ohhooo)

Cause your man is never with you and all he does is
hurt
you know that you really should leave
Girl I tried so hard to see you, then you tell me too chill
come on girl and get next to me
When you come into my room, tonight
Let's spend some time together
When you come into my room, it's alright
Girl I want you so bad girl come over

I see the way you watch me babe (I see ya watchin me
uhh)
and girl I like the way that you behave (your so sexy)
All I wanna do is make you see, you should be down
with me
wanting me, spend some time with me baby

Cause your man is never with you and all he does is
hurt
you know that you really should leave
Girl I tried so hard to see you, then you tell me too chill
come on girl and get next to me
When you come into my room, tonite
Let's spend some time together
When you come into my room, it's alright
Girl I want you so bad girl come over.
Baby can't you see it should be you and me
I promise that I'll do you so right
Tonite, tonite (oohhhooo)

It's not even a question I got ya guessin
if your boy's for real I'll put this down in one section
We can chill we can talk about fashion
or we can leave after the show let's go
You's a fine woman that why you blind me
you make a dude wanna spend his money on a ring
Oh and I never felt this way before
you're so mature I never felt this way before now come
on.

Cause your man is never with you and all he does is
hurt
you know that you really should leave
Girl I tried so hard to see you, then you tell me too chill
come on girl and get next to me.
When you come into my room, tonite
Let's spend some time together
When you come into my room, it's alright
Girl I want you so bad girl come over.
When you come into my room, (you know I need ya girl)
tonite (I need you in my world)
Let's spend some time together
When you come into my room (take it to the room), it's
alright
Girl I want you so bad girl come over
(take it to the room)
