Right before my face the colors of the world fades  
away.  
We are walking around like ghosts and I am  
overwhelmed by -  
The feeling of hopelessness,  
A desperation settles in.  
And all I want is for you to be proud of me  
Your hand is slipping out of mine  
'Cause all I want is for you to be proud of me  
A comfort I use to take for granted  
I dry my eyes with the knowledge that I did what I could  
bare

This is a song for the young believers  
A dedication to the keepers of the faith  
You make this choice if your in this to win it  
A dedication to the keepers of the faith

I hold onto these memory's that you had high hopes on  
me  
I know you don't, you don't  
I feel the cold surrounding me  
You're just letting me down

This is a song for the young believers  
A dedication to the keepers of the faith  
You make this choice if your in this to win it  
A dedication to the keepers of the faith

I'll catch the sun and bring it down for you!  
If it's you makes you warmer, makes you warmer  
Down for you, if it makes you warmer, if it makes you  
warmer

So now you know that I'm back on my feet just to show  
you that I made myself a life  
That you could be proud of and I wish that you could be  
there just to see me again  
On the stages tonight singing songs in your name.

It's all in your name!

I scream my lungs out each night for a chance that  
you'll hear me.  
You never could hear me enough  
I see a thousands other faces tonight  
But no one recall your beautiful judging eyes.

So now you know that I'm back on my feet just to show  
you that I made myself a life  
That you could be proud of and I wish that you could be  
there just to see me again  
On the stages tonight singing songs in your name.
