The game is two feet fame
Mental picture and let it be shown
It looks a lot like this
And I can't bear to look alone

There's a mirror inside
That we never really know
Until the hole gets deeper
And it starts to show
There's a part of you
That likes to feel it to
Just like we always do

I've tried, but I can't explain
Why I never be the same
I know why I'm just another face in the cloud now
Yet I'm invisible

I stayed awake until the morning after
I couldn't just tell you there was something more
I fought the pain and soon became a disaster
Don't walk away because they're playing our song
No don't go
I get trapped beneath open doors
If you feel the same way to
Then I got nothing left to lose

I've tried, but I can't explain
Why I never be the same
I know why I'm just another face in the cloud now
Yet I'm invisible

I've always been a seal
If you could see me now
If you could see me now
If you could see me now

I've tried, but I can't explain
Why I never be the same
I know why I'm just another face in the cloud now
Yet I'm invisible
I've tried, but I can't explain

Why I never be the same
I know why I'm just another face in the cloud now
Yet I'm invisible
