It's in your eyes.
I've seen it for sometime.
The sadness within keep bursting like a gun.
You're under attack
Your hearts been wearing thin.
The ground that you stood will never be the same.

You're shaking.
You feel like letting go
You're whole world's collapsing

Woohoo whoo this is the wake-up call
Woohoo whoo for all the weary hearts
You don't belong in someone's shadow
So keep your fire alive oh,
Keep your fire alive
Rah

So just go
I know you'll make it, you'll make it
Tomorrow brings another sun to embrace us.
So where will you stand?
In the shadow or in the light?

Reach out your hand, your not alone.
I know you're stronger than this.

Some live their lives without chasing a dream.
With no visions, no purpose, no goal.
But these lights will shine a new.
And this mouth will speak the truth.

Reach out your hand, your not alone.
Don't be scared what the future may hold.
Reach out your hand, your not alone
It's just a matter of time.

Woohoo whoo this is the wake-up call
Woohoo whoo for all the weary hearts
You don't belong in someone's shadow.
So keep your fire alive.
