We are friends
And you feel like we've grown apart
That's not the case
You know i'm speaking from my heart

Friends should last forever
Bitches come and go
Someone's lying to you
And i'm ready to explode

Why would you think
That i would be a liar and your friend
I'll show you what they told you
Are someone else's lies
I'll show you what they told you
Are someone else's lies

What about the days
When we would all hang out
We would talk about our dreams
And drive around

Friends should last forever
Bitches come and go
Someone's lying to you
And i'm ready to explode

Why would you think
That i would be a liar and your friend
I'll show you what they told you
Are someone else's lies
I'll show you what they told you
Are someone else's lies

Liar
Someone's lying to you

Liar
Someone's lying to you

I'll show you what they told you
Are someone else's lies

I'll show you what they told you
Are someone else's lies

Why would you think
That i would want to hurt you
Why would you think
That i would be a liar and your friend
