How could I be happy
Without her by my side
Without her smiling face
At the sunrise

How could I keep living
With emptiness inside
With no one there to touch
At the sunrise

She gave meaning to my words
My funny words
She helped me find my way
I've been astray

The time I had to leave her
Leave her all alone
The way she looked at me
Made me cry

I know she understands me
She knows I'm feelin' bad
Until I'm back beside her
At the sunrise
