Part I

Terry  
Are you optimistic  
'bout the way things are going?

Peter  
No, I nver ever think of it at all

Terry  
Don't you ever worry  
When you see what's going down?

Peter  
No, I try to mind my business,  
that is, no business at all

Terry  
When it's time to function  
as a feeling human being, will your  
Bachelor of Arts help you get by?

Peter  
I hope to study further,  
a few more years or so. I also hope  
to keep a steady high

Terry  
Will you try to change  
things, use the power that you have,  
the power of a million new ideas?

Peter  
What is this power you  
speak of and this need for things to  
change? I always thought  
that everything was fine

Terry  
Don't you feel repression just  
closing in around?

Peter  
No, the campus here is very, very free

Terry  
Does it make you angry  
the way war is dragging on?

Peter  
Well, I hope the President  
knows what he's into, I don't know

Terry  
Don't you ever see the starvation  
in the city where you live, all the  
needless hunger all the  
needless pain?

Peter  
I haven't been there lately,  
the country is so fine, but my  
neighbors don't seem hungry 'cause  
they haven't got the time

Terry  
Thank you for the talk,  
you know you really eased my mind  
I was troubled by the shapes  
of things to come.

Peter  
Well, if you had my  
outlook your feelings would be  
numb, you'd always think  
that everything was fine

Part II

Group  
We can make it happen  
We can change the world now  
We can save the children  
We can make it better  
We can make it happen  
We can save the children  
We can make it happen
