Oh, I just died in your arms tonight
It must have been something you said
I just died in your arms tonight

I keep on looking for something I can't get,
Broken hearts lie all around me
And I don't see an easy way to get out of this
Her diary it sits by the bedside table
The curtains are closed
The cats in the cradle who would've thought
That a boy like me could come to this

Chorus:

Oh, I just died in your arms tonight
It must've been something you said
I just died in your arms tonight
Oh I, I just died in your arms tonight

It must've been some kind of kiss I should've walked
away, I should've walked away

Is there any just cause for feeling like this?
On the surface I'm a name on a list I try to be discrete
But then blow it again
I've lost and found
It's my final mistake she's loving but proxy
No give and all take 'cos I've been thrilled to fantasy on
too many times.

Chorus

It was a long hot night but she made it easy
She made it feel right
But now it's over the moment is gone
I followed my hands to my head
I know I was wrong

Chorus Till Fade
