Hey there everybody
Please don't romp or roam
We're a little nervous
'Cause we're so far from home
So this is what we do
Sit back and let us groove
And let us work on you

We've all spent years preparing
Before this band was born
With heaven's help it mended
And we do thank the Lord
If you know just what we do
Sit back and let us groove
And let us play on you

Now we put you through the changes
And turned around the mood
We hope it struck you different
And hope you feel moved
So forget about your troubles
As we search for something new
And we play on you
