All dressed up with no place to go
Has somebody lost a romance
All messed up but you never know
This may be a good chance

You can hold me, I can make it better
You can hold me, don't have to fall in love forever
I'll be there one night at a time, you don't have to love
me
If that's not what you're after

Oh, oh, oh and it's alright
I got the time
Alright
One more little lie
And it's alright
I'll make you feel fine
Alright
If it's all night

Ain't nobody home, don't you hang your head
Don't get caught up in the sorrow
All alone, call me up instead
Let me take you to tomorrow

Let me hold you, I'll make you feel better
Let me hold you, don't have to fall in love forever
Don't be scared to call anytime
You don't have to love me if that's not what you're after
I know what to do

Oh, oh, oh and it's alright
Baby, I got the time
Alright
Just one more little lie
And it's alright
I'll make you feel fine
Alright
If it's all night

It's alright
To give it one more try

It's alright
To live it up tonight

You don't have to love me if that's not what you're after

Oh, oh, oh and it's alright
Baby, I got the time
Alright
Something last forever
And it's alright
I'll make you feel fine
Alright
I might be the one you're after

It's alright
To give it one more try
It's alright
To tell one more lil' lie
It's alright
If it's all night

It's alright
And not somebody else
It's alright
It's alright
It's alright
