King of Might Have Been  
What have I done  
And why do people run away  
From what they really want

She, she was the one  
I know it now just like a blind man  
Feels the setting sun

Once upon a time I had everything  
I ever wanted, and everything I need  
The more she tried to give me  
The more I took for granted  
Her majesty, and I can't believe.

(Chorus)  
Oh! It's really over now  
And I've got to live without  
The love I'll never have again  
If this is what losing means  
Then I've lost everything  
Now I'm the King of Might Have Been.

I all alone, with 100% of nothing now  
Just a fool upon his throne  
She, she's moving on..  
She's gonna be somebody's everything  
And I hope that he know's

That all she ever needed  
Was a chance to completed  
And to, feel the light of love  
What should have been  
What could have been  
Doesn't matter now  
She's history, and I can't believe

(Chorus)  
Oh! It's really over now  
I've got to live without  
The love I'll never have again  
If this is what losing means

Then I've lost everything  
Now I'm the King of Might Have  
King of Might Have Been.

If I could do it all again  
I would never let it end  
I'd fight for us  
If I just, had one more chance

Oh! It's really over now  
And I've got to live without  
The love I'll never have again  
If this is what losing means  
Then I've lost everything  
Now I'm the King of Might Have  
The King of Might Have  
The King of Might Have Been.
