I've never been in love before
Not like this you taught me more
Hung out by myself
Well I lived upon a shelf
And cried 'cause I thought I could not give
My pride would not let me live
All my feelings disappeared

You are lovely reason I
Am alive you satisfy
All my senses and you give
Me the confidence to grow
In a thousand different ways
Happy just to spend the days
Of my lifetime by your side

I want to be
Everything that I can
I want so much
To be more of a man
I want to grow
I want to know you better
Each day I'll try
To love you
'Cause I've never been in love before

You have a friend for life in me
If we ever disagree
And you have to go away
I will set you free with joy
'Cause your happiness is mine
May our light forever shine
May you always feel free

I want to be
Everything that I can
I want so much
To be more of a man

I want to live
I want to give my lifetime
Each day I'll try

To love you
'Cause I've never been in love before
