He was lost, uncertain
Only she could see
He was waiting for the night to end
And with just one kiss
Brought him back into the light again

He said, "Nothin's gonna stop us now"
He said, "Baby, nothin's gonna stop us now"

But tonight she's waiting
For a stranger's touch
At the dark end of the street
And the whispered words from the sidewalk
They sound so sweet

She said, "Nothin's gonna stop us now"
She said, "Baby, nothin's gonna stop us now"

Look out now 'cause
She'll break your heart again
No one sees what the years
Have failed to mend, yeah

Standin' there beneath the streetlight
Telling secrets in the darkest night
Heaven's just a stolen kiss away, yeah

Nothin's gonna stop us now

Look out now 'cause
She'll break your heart again
No one sees what the years
Have failed to mend, yeah

Standin' there beneath the streetlight
Telling secrets in the darkest night
Heaven's just a stolen kiss away, yeah

And her look, it lingers
On a restless night
When you're back on the street again

With his empty dreams
There's another broken heart to mend

He said, "Nothin's gonna stop us now"
Whoa, nothin's gonna stop us now
Nothin's gonna stop us

She said, "Nothin's gonna stop us now"
Whoa, Nothin's gonna stop us now
Nothin's gonna stop us

Oh, my pretty baby
Nothin's gonna stop us now
