You've got the look, they'll never forget  
You wanna be noticed but they haven't noticed yet  
When the time is right, a star on your door  
Takin' you places that you've never been before  
Where did you go?

Go to sleep tonight and dream about it till the morning  
Appearing for the very first time, on the screen tonight  
And when you wanna, they treat you like a primma  
donna

You're a movie queen, familiar face  
Prettiest woman in the whole of the human race  
You're gonna be famous, you wanna go far  
Your name up in lights, everybody knows who you are  
On with the show

Make a scene tonight, read about it in the morning  
Appearing for the very first time, on the screen tonight  
And when you wanna, they treat you like a primma  
donna

How will it feel being number one?  
Hard to imagine but I can't blame you for tryin'  
How will it feel havin' so much fun?  
Hard to imagine but it's so electrifyin'

How will it feel being number one?  
Hard to imagine but it's so electrifyin'

Go to sleep tonight and dream about it till the morning  
Appearing for the very first time, on the screen tonight  
And when you wanna, they treat you like a primma  
donna

Make a scene tonight, read about it in the morning  
Appearing for the very first time, on the screen tonight  
And when you wanna, they treat you like a primma  
donna

Treat you like a primma donna  
Primma donna

Primma donna  
Primma donna
