Can this feeling that we have together  
Ooh, suddenly exist between?  
Did this meeting of our minds together  
Ooh, happen just today, some way?

I'd like to know  
Can you tell me? Please don't tell me  
It really doesn't matter anyhow  
It's just that the thought of us so happy  
Appears in my mind as a beautifully mysterious thing

Was your image in my mind so deeply  
Ooh, other faces fade away  
Blocking memories of unhappy hours  
Ooh, leavin' just a burnin' love

I'd like to know  
Can you tell me? Please don't tell me  
It really doesn't matter anyhow  
It's just that the thought of us so happy  
Appears in my mind as a beautifully mysterious thing  
Yes, it does now, baby

Can this lovin' we have found within us  
Ooh, suddenly exist between?  
Did we somehow try to make it happen  
Ooh, was it just a natural thing?

I'd like to know  
Can you tell me? Please don't tell me  
It really doesn't matter anyhow  
It's just that the thought of us so happy  
Appears in my mind as a beautifully mysterious thing  
Yes, it does now, baby
