After he hurt you, you said you were leaving; you got  
up to walk out the door.  
The story he's telling you, you weren't believin'; you've  
certainly  
heard it before.  
And I can't stand it, you're feeling so sad. I can't take it,  
it's makin' me mad

Say the word and I will rescue you. (Say the word, say  
the word)  
Say the word and I will come to rescue you.

I could be wrong, but unless I'm mistaken, it's only a  
matter of time.  
And I know you're giving him more than you've taken;  
you've come to the end of  
the line.  
And I can't stand it, you're feeling so sad. I can't take it,  
it's makin' me mad

Say the word and I will rescue you. (Say the word, say  
the word)  
Say the word and I will come to rescue you. (Say the  
word, say the word)

Something missing in your life; tell you what I say;  
blues are on the run and  
help is on the way.  
Something missing in your life; tell you what I'll do.  
Just like in a fairy tale, I'll rescue you. I'm gonna rescue  
you.

I just can't take it when your feeling so sad.  
I can't take it, it's making me mad.

Something missing in your life; tell you what I say;  
blues are on the run and  
help is on the way.  
Something missing in your life; tell you what I'll do.  
Just like in a fairy tale, I'll rescue you. I'm gonna rescue  
you.

Say the word and I will rescue you. (Say the word, say  
the word)

Say the word and I will come to rescue you. (You know  
that help is on the way)
