The sun is coming up
But I don't see the light
I keep goin' on and on
Thinking 'bout where we went wrong

I've always heard that love
Could stand the test of time
But somethin' that we had is gone
Maybe we just stayed too long

I wish I could lie
And tell myself it's alright
It was nothing at all

Somebody, somewhere
Is falling in love tonight
(Is it nothing at all)
Somebody, somewhere
Is saying their last goodbyes

I gotta know
Is it the same when it comes
And when love goes

Where do I go from here
Don't know where to turn
Will you find another face
Or disappear in yesterday

Should I hold on
Should I let all the memories go
Was it nothing at all

Somebody, somewhere
Is falling in love tonight
(Is it nothing at all)
Somebody, somewhere
Is saying their last goodbyes
(Somebody tell me why)

Somebody, somewhere
Is falling in love tonight

(Nothing at all)
Somebody, somewhere
Is saying their last goodbyes

Tell me why I gotta know
Is it the same when it comes
And when love goes
(She comes and goes)

She comes and goes
She comes and goes
She comes and goes
(When love comes and goes)
She comes and goes

She comes and goes
She comes and goes
She comes and goes

Don't mean nothing at all

Somebody, somewhere
Is falling in love tonight
(Is it nothing at all)
Somebody, somewhere
Is saying their last goodbyes
(Somebody tell me why)

Somebody, somewhere
Is falling in love tonight
(Don't mean nothing at all)
Somebody, somewhere
Is saying their last goodbyes
(Somebody tell me why)

Somebody, somewhere
Is falling in love tonight
(Don't mean nothing at all)
Somebody, somewhere
Is saying their last goodbyes
