All I do is think about you  
I never did let go of what we were  
Can't pretend I'll live without you  
As I learn to live alone  
Can't pretend I'll live without you  
As I learn to live alone

Why can't I be a man about it  
I've tried and tried to hide you from my heart  
If I could just forget about us  
If I knew just where to start  
You're still my destiny

What does it take  
To win you back  
To hold these arms once more?

What can I say  
To make you understand  
You're still all I'm waiting for

At times I feel it's best without you  
And times I still believe in you so much  
After what I've been through without you  
You'd think that I'd move on  
But you're still my destiny

What does it take  
To win you back  
To hold these arms once more?

What can I say  
To make you understand  
You're still all I'm waiting for

What does it take  
'Cause we can't go back  
Can't be like it was before

What does it take  
To win you back  
To hold in these arms

What does it take  
What will it take now  
You're still my destiny

What does it take  
To win you back  
To hold these arms once more?

What can I say  
To make you understand  
You're still all I'm waiting for
