I'll be waiting to meet you
i'll be the first one to greet you
and i'll sing a jubilant song 'cause you're home
i've been waiting so long

right now it seems like forever
but try now, try to remember
the times, now, that we had together
...for me
'cause i can't bear to see you cry

and i'm sorry that i can't be there to see you through
but i hope you hear me say 'i love you'
and i'll see you again ...someday

love is so much more than emotion
my love lives with undying devotion
so don't give into the notion i'm gone
i've only gone home

i miss you when we're apart but

i'm with you - you're not forgotten
i've been here watching you all along
cheering you on til that final day

and i'm sorry that you can't see me like i see you
but i hope you hear me say 'i love you'
and i'll see you again...

i'm home - home where i've always wanted to be
i hope you're happy for me
i'm free - free from the burdens that troubled me there
it's so wonderful here
and i've seen so many things i could never describe in
a day
and oh by the way...

...i eagerly wait
til i see you again...

...someday
