

Leviathan

"Scenic Solitude And Leprosy"

Visit "[Scenic Solitude And Leprosy](#)" on MotoLyrics.com

Contamination

Numbness

Throttling in the blackened river

Of time and insane

Swallowed again

Drown again and

Deranged parasites

And a metallic green odor

So full the emptiness

Aimless

Withered scales decorate its

Skin and its falling away

Twist and writhe serpentine

Treason and peril

Thrust down the kill

Its eyes gaze animus

Are again as before

Dead except the eyes

Treason and peril.
