Life's a strain, painful thing  
To be overcome  
We mark the nights by our triumphs  
Suffers everyone

But hold them near  
Keep them dear  
Don't be ashamed

Triumphs of the world  
On heaven's pearls  
On heaven's pearls

Began the scars, tangled bars  
Catch under the skin  
Friction burns as they turn  
Working deeper in

And day by day  
Sharp edges fade  
Smooth, furnished and fine

Triumphs of the world  
On heaven's pearls  
Triumphs of the world  
On heaven's pearls  
On heaven's pearls

Triumphs of the world  
On heaven's pearls  
Triumphs of the world  
On heaven's pearls

The triumphs of the world  
On heaven's pearls
