Many people in the world
Walk around with a hole in their heart
And many people in the world
Try to fill that hole with the latest thing that's outta sight
Many people in the world
Will never truly be set free, Yea.
The only reason that we live
Is Christ came down and died for you and me
I Now Live because Christ died
And though He had suffered
He suffered it all for me
I Now Live because Christ died
And though He had suffered
He suffered it all for me
Falling in and out of love
Is what the world is turning to
Never really satisfied
Not really sure always needing something more
Looking for another way
Without the work to get the pay
The wages of a righteous man
Bring him life he can surely say
I Now Live because Christ died
And though He had suffered
He suffered it all for me
I Now Live because Christ died
And though He had suffered
He suffered it all for me
I Now Live because He died
He died so I could live
I Now Live because He died
He died so I could live
I now live because He died I know He died so I could
live
He did it just for me
Comin' on because He hung I can hang like He sang
Because He died I wonder why you won't even try
Take a step, take a step repeat this process
Not less but more check what's in store
I Now Live because Christ died
And though He had suffered

He suffered it all for me
I Now Live because Christ died
And though He had suffered
He suffered it all for me
I Now live because He died
He died so I could live
I Now live because He died
He died so I could live
