I met her, down at the store on the corner  
She was a prettier girl that was ever in a magazine  
She was an angel, all dressed up like the devil  
I knew I'd never forgive myself unless I asked her out  
this eve

So I asked to the movies and she put her arms around  
me  
Right at the start of the show  
The she kissed me on the ear and she whispered dear  
love

She said, don't ever tell me that you love me  
Just don't say those three words  
To me so I don't ever have to be true.  
She said, don't ever tell me that you need me  
Just don't say those three words to me so I don't have  
to worry

Can you imagine how it hit me  
And the funny thing is that it was just occurring to  
myself  
So I said, hey don't jump to conclusions  
Just what makes you so sure that I could ever fall for  
you myself

But even as I said it,  
I knew I never meant it  
I could feel cupid's arrow from above  
By the end of the movie I was falling in love

She said, don't ever tell me that you love me  
Just don't say those three words to me so I don't ever  
have to be true.  
She said, don't ever tell me that you need me  
Just don't say those three words to me so I don't have  
to worry about you

Don't ever tell me that you love me  
just don't say those three words to me so I don't have  
to worry about you

Just don't say those three words to me so I don't have  
to worry about you
