Calling upon Darkness
I'm the master of the creatures of the infra-world
They're just snatches of the almighty power
Given by the hand of Kwll and the eye of Rihynn
Some ancient gods endowed with strength and so
mean,
Reborn with divine body and skin,
The hand of Kwll, the eye of Rhyn
Wicked sorcerer gave them to me
Black supreme god lives within me.
They're not aware of my power
But now I stand as the destroyer
Cursed with the most unhealthy oath
My fate is to erase Law and Chaos.
Calling the creatures of the infra-world,
I'm the Lord of the Dead.
There's no surrender till they've paid.
When I open my magic eye
I see a world deprived of sky;
Their souls are waiting for death,
They're doomed to take someone's last breath
My enemies'lives are the price
The Deaed enter this world of ice,
I can see them creeping,
Sentenced to blindness
They're so disgusting.
