I'm sittin' here  
With my mind going crazy  
I can't believe what I've done  
You said that you love me  
You said that you love me

Do or die, you hung me out to dry  
You always said  
That you would be my alibi  
Cos you love me  
Bull shit did you love me

So why you do me like that  
I can't believe  
That you would let me take the rap  
Was I only worth a pocketful of cash, yeah  
I wanna hurt you but this feeling won't go

[CHORUS]:

I just can't hate you  
Why can't I hate you  
You know I tried  
And I tried to get back at home

I just can't hate you  
Why can't I hate you  
I try to imagine  
All the things I shoulda done to you  
I shoulda I woulda I coulda  
But I just can't hate you

Why weren't you covering my back babe  
Supposed to meet me at the jazz hotel  
But instead you  
You let them run up on me baby  
What could I do?

Now, it seems I'm going down and  
I'm running for my life  
They want me out of town, yeah

I can't believe it babe  
Why would you let your man down like that

[CHORUS]:

Still I just can't hate you  
(you know I try, try)  
I just can't hate you  
(I'm sick and tried, tried)  
You know I tried  
And I tried to get back at you  
But I just can't leave you alone

I just can't hate you  
(you know I try, try)  
I just can't hate you  
(I'm sick and tried, tried)  
I try to imagine  
All the things I shoulda done to you  
I shoulda I woulda I coulda  
But I just can't hate you

So why you do me like that?  
I can't believe  
That you would let me take the rap  
Was I only worth a pocketful of cash  
Yeah  
I wanna hurt you but this feeling won't  
Go

[CHORUS]:

I just can't hate you  
(you know I try, try)  
I just can't hate you  
(I'm sick and tried, tried)  
You know I tried  
And I tried to get back at you  
But I just can't leave you alone

I just can't hate you  
(you know I try, try)  
I just can't hate you  
(I'm sick and tried, tried)  
I try to imagine  
All the things I shoulda done to you  
(shoulda done)  
I shoulda I woulda I coulda  
But I just can't hate you

you know I try, try

I just can't hate you  
(you know I'm sick and tried, tried)  
You know I try  
And I try to get back at you  
But I just can't leave you alone

And I just can't hate you  
(you know I try try)  
Why I can't hate you  
(I'm sick and tried tried)  
I try to imagine  
All the things I shoulda done to you  
I shoulda I woulda I coulda  
But I just can't hate you
