I can't believe the night is gone

(ooh yeah)

And now it's time to take you home

Girl, as I hold your hand, and walk you to your door

Suddenly there's an awkward silence

Both of us staring at the floor

CHORUS

Cause I don't wanna kiss you goodnight

If a kiss means this night is over

I don't wanna have to say goodbye

Girl, don't leave me standing at your door

When this night could lead to so much more

I wanna hold you, I wanna touch you, so when I kiss you

Don't wanna kiss you goodnight

I used to see you in my dreams

(Hoping one day they'd come true)

And then you gave yourself to me

But now I'm standing here

And hoping that I'm not just a fool in your eyes

Don't wanna leave you here

I wanna come inside and kiss you where you like

CHORUS

I wish this night could be endless

Baby, feeling your skin on my skin

I'll take my time to make you breathless

Girl, we can do it again and again

CHORUS 2x

Ooh baby, goodnight
