I'm wishing on a falling star  
Wondering where you are . . .

\*CHORUS:\*

I wish  
I wish for you on a falling star  
Wondering where you are  
Do I ever cross your mind  
In the warm sunshine  
She's from the city of angels  
Like Betty Davis, James Dean, and Gable  
Never know what she means to me  
I fell for the girl that's on tv

Met her at a gala affair  
She wore a green dress and everybody was there  
Felt out of place as she looked into my eyes  
Shook her hand around 9 P.M. and  
I'm never gonna be the same again  
Never have to be on a movie screen  
To be the leading lady in all my dreams

Shoobie-do-wop and scooby snacks  
Met a fly girl and I can't relax  
The only problem is she's a movie star, oh  
My friends, they won't believe me  
If they could only see me  
At the risk of sounding cheesy  
I think I fell for the girl on tv

\*CHORUS\*

Everybody knows her name  
Wanna take her picture and they're glad she came  
But I just wanna be there when she's down, down  
(be there when she's down)  
I don't want her autograph  
I just wanna call her up and make her laugh  
Never have to be on the movie screen  
To be the leading lady in all my dreams

Shoobie-do-wop and scooby snacks  
I met a fly girl and I can't relax  
The only problem is she's a movie star, wow  
My friends, they won't believe me  
If they could only see me  
At the risk of sounding cheesy  
I think I fell for the girl on tv

\*CHORUS\*

wish for you on a falling star  
I'm wishing on a star and I'm wondering where you are  
Wondering where you are  
Do I cross your mind in a warm sunshine

\*RAP\*

So I wished for you on a bright, shining star  
Everywhere I look, there you are (there you are)  
There's the girl in the green dress  
She took my breath away  
And now I look to the sky for the better day  
To the beat y'all and scooby snacks  
I met a fly girl and I can't relax  
Never had to be on the movie screen  
Cause she's the leading lady in all my dreams
