Ooh  
Yeah  
I'm wishing on a falling star  
Wondering where you are  
I wish

Wish for you on a falling star  
Wondering where you are  
Do I ever cross your mind  
In the warm sunshine  
She's from the city of angels  
Like Brady Davis James Dean and Gable  
Never know what she means to me  
I fell for the girl that's on TV

Met her at a counter affair  
She wore a green dress & every body was there  
Felt out of place till she looked into my eyes  
Shook your hand around 9 p.m.  
And I, never thought I'd be the same again  
Never had to be on a movie screen  
To be the lady in all my dreams  
Shooby doo-wap & scooby snacks  
Met a fly girl and I can't relax  
The only problem is she's a movie star  
Oh oh  
My friends they won't believe me  
If they could only see me  
At the risk of sounding cheezy  
Think I fell for the girl on TV

Wish for you on a falling star  
Wondering where you are  
Do I ever cross your mind  
In the warm sunshine  
She's from, the city of angels  
Like Brady Davis, James Dean and Gable  
Never know what she means to me  
I fell for the girl that's on TV

Everybody knows her name

Wanna take a picture and their glad she came  
But I just want to be there when she's down  
Down (Be there when she's down)  
I don't want her autograph  
I just want to call her up and make it hap  
Never had to be on a movie screen  
To be the leading lady in all my dreams

Shooby doo-wap & scooby snacks  
Met a fly girl and I can't relax  
The only problem is she's a movie star  
Oh oh  
My friends they won't believe me  
If they could only see me  
At the risk of sounding cheezy  
Think I fell for the girl on TV

Wish for you on a falling star  
Wondering where you are  
Do I ever cross your mind  
In the warm sunshine  
She's from, the city of angels  
Like Brady Davis, James Dean and Gable  
Never know what she means to me  
I fell for the girl that's on TV

(I wish for you on a falling star)  
I'm wishing on a star  
And I'm wondering where you are  
(Wondering where you are)  
Do I cross your mind  
In the warm sunshine

(Rap)  
So I wish for you on a bright shining star  
Every where I look there you are  
Its the girl in the green dress  
She took my breath away  
And now I look to the sky  
For a better day  
To the beach shore and scooby snacks  
I met a fly girl and I can't relax  
Never had to be on a movie screen  
Cuz she's the leading lady in all my dreams  
I wish

Wish for you on a falling star  
Wondering where you are  
Do I ever cross your mind  
In the warm sunshine  
She's from, the city of angels

Like Brady Davis, James Dean and Gable  
Never know what she means to me  
I fell for the girl that's on TV

Wish for you on a falling star  
(I wish upon a star)  
Wondering where you are  
Do I ever cross your mind  
In the warm sunshine  
She's from, the city of angels  
Like Brady Davis, James Dean and Gable  
Never know what she means to me  
I fell for the girl that's on TV

I'm wishing  
I'm wishing  
Away
