On and on and on and on
I think of you since you've been gone
And every night before I wake
dream of days gone by to mend my heartbreak

The sun still shines
The moon still glows
Can someone tell me where did my love go
The world still turns
I still believe
she's somewhere out there lookin down on me

We were so happy baby, I'm missing u like crazy
You were the one that I vizualized right by my side
forever
Still hear our favorite song tears fall as I sing along
I don't know if I can make it without you my hearts still
achin

I meant what I said
when I told you that I love you for all time
And years have gone by
but I'm still as much in love as I was that night

The sun still shines
The moon still glows (still glows)
Can someone tell me where did my love go (where did
my love go)
The world still turns (hmm mmm)
I still believe (I still believe)
She's somewhere out there lookin down on me

Stare at your picture lately
My futures getting hazy
I hear the wind call out your name its makin me
remember
that night u drove away
Wish I had just one more day
I don't know if I can make it without u my hearts still
breakin

I meant what I said
when I told you that I love you for all time
And years have gone by
but I'm still as much in love as I was that night

The sun still shines (shines)
the moon still glows (still glows)
cant someone tell me where did my love go (ohh ohh
ohhh)
the world still turns (the world still turns)
I still believe (she's)
she's somewhere out there lookin down on me (me)

On and on and on and on
I think of you since you've been gone (you've been
gone)
and every night before I wake (ohh)
dream of days gone by to mend my heartbreak (ohh)

I know the rain still falls
I know the sun still shines
I know that there will still be better days if u were still
mine

These years keep passin by
but I'm still as much in love as I was that night

The sun still shines (sun still shines)
The moon still glows (moon still glows)
Can someone tell me where did my love go (my love)
The world still turns (the world still turns)
I still believe
She's somewhere out there lookin down on me (she's
somewhere out there)

The sun still shines (way up in the sky)
The moon still glows (the sun still shines)
Can someone tell me where did my love go (tell me eh
eh eh)
The world still turns (the world still turns)
I still believe (I still believe)
she's somewhere out there lookin down on me (oh yah
aye yah)

Where'd you go
I don't know I don't know
Won't you tell me, where'd u go
The world still turns, my baby's gone
Where'd you go
I need to know, where'd you go
Wont you tell me
