yea
yeah
6 minutes LFO you're on

I was at a party with my mind in the gutter
she walked in behind me with a friend and her brother
stepped onto the dance floor shakin her hips
thought i might bust when she licked her lips

sometimes i wish that i was someone like brad pitt
she'd walk right over to me and then she'd say "hey we
should split"
sometimes i wish that i had a girl that looked that fine
not thinking about forever just 6 minutes of her time

one minute and the earth begins to shake
two minutes and my heart begins to break
another minute and she makes me feel brand new
that's just three minutes with you
four minutes and she's got me on my knees
five minutes and she's got me beggin please
another minute and she shows me somethin new
I need six minutes, with you
6 minutes

I was at work with my mind in the gutter
she was in a magazine her face on the cover
lying in a room that was lit by a candle
that's the type of girl that i wish that i could handle

sometimes i wish that i looked like tom cruise
cause in crowded room would i be the one that she
would choose
sometimes i wish a girl like that could just be mine
not thinkin about forever just six minutes of her time

one minute and the earth begins to shake
two minutes and my heart begins to brake
another minute and she makes me feel brand new
that's just three minutes with you
four minutes and she's got me on my knees
five minutes and she's got me beggin please

another minute and she shows me somethin new
I need six minutes, with you
6 minutes

sometimes i feel like
the catcher and the rye
sometimes i wish that i could catch your eye
sometimes i wish that i could be that guy

yeah yeah yeah
ohh time is passing by
ohh your the reason why
ohh i'm loosin my mind
i need six minutes with you

one minute and the earth begins to shake
two minutes and my heart begins to brake
another minute and she makes me feel brand new
that's just three minutes with you
four minutes and she's got me on my knees
five minutes and she's got me beggin please
another minute and she shows me somethin new
I need six minutes, with you

one minute and the earth begins to shake
two minutes and my heart begins to brake
another minute and she makes me feel brand new
that's just three minutes with you
four minutes and she's got me on my knees
five minutes and she's got me beggin please
another minute and she shows me somethin new
I need six minutes, with you
