(Yeah, what'cha gonna do, huh, do you wanna be mine
Baby be mine, would you be mine, baby be mine)

I see you smiling'
But when he's around you be whilin'
What's the dealy
Situation be silly
Rolling with em like big Willie
When you wanna be with me
Basically I don't wanna hear all that
See you're hurtin'
Why you gotta bear all that
When you should be with me and feel all laxed
Stop hesitating, 'cause I'm your destination
Cell phones ring, ringin' real late at night
You said he hurt you, pick me up, we had a fight
(Okay I'll get you)
'Cause you know that ain't right
Keep the vibe real tight and make it all right
True that baby, don't you know
That I'm here for you baby
What I gotta do, to be near to you
'Cause all I wanna do is make it clear to you

I know you know, that I care about you girl
And I want you in my world
So baby be mine
And you know I know that you care about me, too
So tell me what'cha wanna do, baby be mine
(All mine)

Excuse my persistence
But I can't love you from a distance
Your resistance makin' it hard
But in an instance there you are
In my arms, can you feel my charm
(Don't be alarmed) girl 'cause my loves the bomb
(Don't be alarmed) girl I'm going to keep you calm
Like shy, I'm your comforter
Why walk when you know I can run what'cha
Check it out, all I wanna do is make you feel all right
Love you all through the night as you hold me tight

And I bet that your feelings for him fade quick
When you're up in my mix there ain't a thing I can't fix
Caress your head with a sensual kiss
Baby rub on your back if you like it like that
What I gotta do to be near to you
'Cause all I wanna do is make it clear to you

I know you know, that I care about you girl
And I want you in my world
So baby be mine
And you know I know that you care about me, too
So tell me what'cha wanna do, baby be mine
(All mine)

All my love for you, is in store forevermore
So if you want my days to shine (this I'm sure)
Do one thing, baby be mine

Check it out
I must admit that I got a love Jones
Baby be mine, girl, you won't be alone
Let me turn that frown upside down
Inside out girl, that's what I'm all about
And if you don't mind, take a chance with me
I guarantee I'll be the one I need
'Cause you know that I care about you
Baby be mine, 'cause my love is true
C'mon

I know you know, that I care about you girl
And I want you in my world
So baby be mine
And you know I know that you care about me, too
So tell me what'cha wanna do, baby be mine
(All mine)
