baby, im so sorry, so sorry...

Everybody makes mistakes  
I told you I was sorry  
Won't you tell me what to do  
To make your sad eyes believe  
Cause girl no matter what it takes  
I swear I'll make it better  
Cause I'm not so used to wearing  
My heart out on my sleeve

=chorus=

Cross my heart,  
I swear I'm going to make this right  
Please dont leave me standing here,  
I'll make all your darkness disappear.  
(cross my heart)  
This time, girl, I'll be loving you forever  
When I need to say a prayer (say a prayer)  
I'll call your name on my heart, I swear (I swear)

Do you remember yesterday  
you promised me tomorrow  
how we held each other  
the way you kissed me  
girl, don't throw it all away  
cause girl we got so much to lose  
can we just tear out these pages  
give me one more chance  
I'm begging you  
but baby please don't go

=chorus=

Cross my heart, ohh

bridge:

I'm trying to turn this love around  
and keep the sky from falling down  
I'm on my knees  
ohhh

=chorus=

cross my heart, yeah, I swear, I need your touch  
cross my heart, I need to feel you next to me

=chorus=
