I'm wishing on a falling star
Wondering where you are . . .

CHORUS:

I wish
I wish for you on a falling star
Wondering where you are
Do I ever cross your mind
In the warm sunshine
She's from the city of angels
Like Betty Davis, James Dean, and Gable
Never know what she means to me
I fell for the girl that's on tv

Met her at a gala affair
She wore a green dress and everybody was there
Felt out of place as she looked into my eyes
Shook her hand around 9 P.M. and
I'm never gonna be the same again
Never have to be on a movie screen
To be the leading lady in all my dreams

Shoobie-do-wop and scooby snacks
Met a fly girl and I can't relax
The only problem is she's a movie star, oh
My friends, they won't believe me
If they could only see me
At the risk of sounding cheesy
I think I fell for the girl on tv

CHORUS

Everybody knows her name
Wanna take her picture and they're glad she came
But I just wanna be there when she's down, down
(be there when she's down)
I don't want her autograph
I just wanna call her up and make her laugh
Never have to be on the movie screen
To be the leading lady in all my dreams

Shoobie-do-wop and scooby snacks

I met a fly girl and I can't relax
The only problem is she's a movie star, wow
My friends, they won't believe me
If they could only see me
At the risk of sounding cheesy
I think I fell for the girl on tv

CHORUS

wish for you on a falling star
I'm wishing on a star and I'm wondering where you are
Wondering where you are
Do I cross your mind in a warm sunshine

RAP

So I wished for you on a bright, shining star
Everywhere I look, there you are (there you are)
There's the girl in the green dress
She took my breath away
And now I look to the sky for the better day
To the beat y'all and scooby snacks
I met a fly girl and I can't relax
Never had to be on the movie screen
Cause she's the leading lady in all my dreams
