I feel gravity,
Holding me down
Keepin my feet on the ground
Every time you're around
I feel gravity
And I don't know what to do
I keep on running from you
Put me on the
Cover of Rolling Stone
Pat me on the back
When I come back home
Tell me things that
I like to hear
I hold back, but
You still come near
Say you care, and
You won't let go
I'm in a world that
I just don't know
Give me things that
I need to fill me
Tell me that this
Gravity won't kill me

And you don't have
To cry for me
And you don't have
To lie for me
This whole blue sky is
Falling down on me
I feel gravity,
Holding me down
Keepin my feet on the ground
Every time you're around
I feel gravity
And I don't know what to do
I keep on running from you

Full of dreams
Can't come up short
Drivin down south is
My last resort

Let me shine on MTV
Say you're proud and
Happy for me
Look in my eyes,
Guess how I feel

'Cause now-a-days
Life's so surreal
Give me things that
I need to fill me
Tell me that this
Gravity won't kill me

And you don't have
To cry for me
And you don't have
To lie for me
This whole blue sky is
Falling down on me
I feel gravity,
Holding me down
Keepin my feet on the ground
Every time you're around
I feel gravity
And I don't know what to do
I keep on running from you

I feel gravity,
Holding me down
Keepin my feet on the ground
Every time you're around
I feel gravity
And I don't know what to do
I keep on running from you

I feel gravity,
Holding me down
Keepin my feet on the ground
Every time you're around
I feel gravity
And I don't know what to do
I keep on running from you

I feel gravity,
Holding me down
Keepin my feet on the ground
Every time you're around
I feel gravity
And I don't know what to do
I keep on running from you
