Cherry bubblicious and Cocoa pops  
Got you on my mind and it just wont stop  
Tilt-a-whirl baby girl slip-n-slide  
We can swing it left cuz i think you're fly

You got the curves the sway  
I cant look away  
Girl you got my pure devotion  
With every move you make  
I'm so hard I could break  
Girl your poetry in motion  
Oh, baby you know your driving me crazy  
But tonight I'm watchin every dream i have come true

*\*chorus\**

You say I will show you mine if you will show me yours  
And one by one we're throwing all our clothing on the  
floor  
You say don't blow out the candles  
Cuz I want you to see  
And suddenly you're naked standing right in front of  
me

Baby I see you

Cherry bubblicious and Cocoa pops  
Got you on my mind and it just wont stop  
Tilt-a-whirl baby girl slip-n-slide  
We can swing it left cuz i think you're fly

You got the mouth  
The lips  
Girl I got to kiss  
All your body's made for pleasure  
You make me feel like a man should feel  
Like a man of steel  
You got a hidden treasure  
Oh, Baby you know your driving me crazy  
But tonight I'm watching every dream I have come true

*\*chorus\**

hot rock baby you don't stop  
we got this metal on the L train  
radiator hotness  
former tootsie pop n a colgate smile  
visions in my mind of me n her gettin wild

if you get wit me there will never be another  
c'mon everbody lets all get down
