CÂ'mon

IÂ've been up, IÂ've been down

IÂ've been side to side, IÂ've been buried alive

IÂ've been hurt, IÂ've been robbed but IÂ'm ok

IÂ've been hot, I get cold

IÂ've been in a cell and outside as well

IÂ'm a slob with no job But IÂ'm alright

Cause I dun wanna shout and I dun wanna scream

And I dun wanna talk all night about these stupid things

Bcause itÂ's like that and thatÂ's the way it is

I know everything I need to know now

Yeah thatÂ's the way it is

I know everything I wanna do now

And thatÂ's the way it is

I know pictures get faded

Yeah thatÂ's the way it is

cause itÂ's like that

I get high, IÂ've been low

I get turned around IÂ've been upside down

And I choke cause IÂ'm broke all the time

Am I real or a fad

IÂ've got a real good mom, IÂ've got a real good dad

IÂ'm no creep but I sleep just fine

And I dun wanna shout and I dun wanna scream

And I dun wanna talk all night about these stupid things

Bcause itÂ's like that and thatÂ's the way it is

I know everything I need to know now

Yeah thatÂ's the way it is

I know everything I wanna do now

And thatÂ's the way it is

I know pictures get faded

Yeah thatÂ's the way it is

I know everything I need to know now

Cause thatÂ's the way it is

Cause I dun wanna shout and I dun wanna scream

And I dun wanna talk all night about these stupid things

I know everything I need to know now
Yeah that's the way it is
I know everything I wanna do now

I've been up, I've been down
I've been side to side, I've been buried alive
I've been hurt, I've been robbed but I'm alright
Because it's like that and that's the way it is
Yeah that's the way it is

It's like this now like that now
Like that it's like that now
We dun stop now, just rock now
Let sunshine fall on your back now (that's the way it is)

I know everything I need to know now
Yeah that's the way it is
I know everything I wanna do now
And that's the way it is
I know everything I need to know now
Yeah that's the way it is
I know everything I wanna do now

It's like this now like that now
Like that it's like that now
We dun stop now, just rock now
Let sunshine fall on your back now (that's the way it is)
