singin la shalalalalalalala shalalalala
singin la shalalalala I just want be where you are

(First verse)

There's a cloud that follows me at night
when I'm all-alone, your outta sight
and I ask myself, am I really the one?
Miss Love I hope you realize
there's something magic in your eyes
and I hope our journeys only just begun
Drivin down the sunset
put the top down, rock the 8 track
And I smile as if to say I think you know (I think you know)
hope-in for tomorrow but it's always sweet n' sorrow
or the night before, its time for me to go

singin la shalalalalalalala shalalalala
singin la shalalalala
I just want be where you are

(Second Verse)

At a stop light on the way ya
I was laughin as ya sang a song by abba that I think I
used to know
I saw that something in your eyes, and I must confess I
realize
on the way to LA Exco wanna go
Drivin down sunset
put the top down, rock the 8 track
I smile as if to say I think you know (I think you know)
hope in for tomorrow but its always sweet n' sorrow
or the night before, its time for me to go

Hey young girl, the world is yours

only wanna be with you again
wrote this song while I was gone
and I hope it won't be long
