Yeah

6 minutes, LFO ur on

I was at a party with my mind in the gutter

She walked in behind me with a friend and her brother

Stepped onto the dance floor shakin her hips

I thought I might bust when she licked her lips

Sometimes I wish that I was someone like Brad Pitt

She walked right over to me then said hey we should
split

Sometimes I wish that I had a girl that looked that fine

Not thinkin about forever

Just 6 minutes of her time

One minute and the earth begins to shake

Two minutes and my heart begins to break

Another minute and she makes me feel brand new

That's just three minutes with you

Four minutes and she's got my on my knees

Five minutes and she's got me beggin please

Another minute and she's shows me something new

I need six minutes with you

Six minutes

I was at work with my mind in the gutter

She was in a magazine, her face on the cover

Layin in a room that was lit by a candle

That's the type of girl that I wish that I could handle

Sometimes I wish that I looked like Tom Cruise

Cause in a crowded room

But I'd be the one that she would choose

Sometimes I wish a girl like that could just be mine

Not thinkin about forever just six minutes of her time

One minute and the earth begins to shake

Two minutes and my heart begins to break

Another minute and she makes me feel brand new

That's just three minutes with you

Four minutes and she's got my on my knees

Five minutes and she's got me beggin please

Another minute and she's shows me something new

I need six minutes with you

Six minutes

Sometimes I feel like the "Catcher in the Rye"
Sometime I wish that I could catch your eye
Sometimes I wish that I could be that guy (be that guy)

Yeah yeah

Whoa time is passin by
Whoa I'm losing my mind
Losing my mind

One minute and the earth begins to shake
Two minutes and my heart begins to break
Another minute and she makes me feel brand new
Its just three minutes with you
Four minutes and she's got my on my knees
Five minutes and she's got me beggin please
Another minute and she's shows me something new
I need six minutes with you
Six minutes
