You've been cryin' over that other guy
He played you, betrayed you
Like a fool with his games and lies
Open your heart girl I can make you see
Now close your eyes and come and flow with me
You need a man who'll always be around
One who'll love you down
(chorus)
You say you don't want me to break your heart
I'll be good to you, I promise to, girl
And if you want me to be in your life
Then just tell me so
Cause that's all I need to know
I'll hold you (hold you), console you (console you)
I'm just what you're lookin' for
He had you trippin', baby listen, you're lonely days are
no more
Life without you girl, I can't conceive
Don't you know that you're the air I breathe
Just tell me baby that you won't let go
That's all I need to know
(chorus)
You say you don't want me to break your heart
I'll be good to you, I promise to, girl
And if you want me to be in your life
Then just tell me so
Cause that's all I need to know
I wanna be all of the things you are to me
So all I need to know is wherever I go
You'll be lovin' me faithfully,
(chorus)
You say you don't want me to break your heart
I'll be good to you, I promise to, girl
And if you want me to be in your life
Then just tell me so
Cause that's all I need to know
Baby, when I hold you in my arms and look into your
Eyes, just realize (all I need to know), that's all I
Need to know, so if you feel my flow,
Come along and sing with LFO
(chorus)
You say you don't want me to break your heart

I'll be good to you, I promise to, girl
And if you want me to be in your life
Then just tell me so
Cause that's all I need to know
