Cherry bubblicious and cocoa pop
Got you on my mind and it just won't stop
Tilt-a-whirl, babygirl, slip-n-slide
We can swing it cause I think you're fly
You've got the curves, the sway I can't look away
Girl, you've got my pure devotion with every move you
make
I'm so hard, I could break girl, you're poetry in motion
Oh baby, you know you're drivin' me crazy
But tonight I'm watchin' ever dream I had come true
(chorus)
You say "I will show you mine if you will show me
Yours" and, one by one, we're throwing all our clothing
on the floor
You say "don't blow out the candles cause I want you to
see"
And suddenly you're naked standing right in front of
me
Baby, I see you
Cherry bubblicious and cocoa pop
Got you on my mind and it just won't stop
Tilt-a-whirl, babygirl, slip-n-slide we can swing it cause I
think you're fly
You've got the mouth, the lips, girl, I've got to kiss
All you're body's made for pleasure
You make me feel like a man should feel
Like a man of steel, you've got a hidden treasure
Oh baby, you know you're drivin' me crazy
But tonight I'm watchin' every dream I had come true
(chorus)
You say "I will show you mine if you will show me yours"
And, one by one, we're throwing all our clothing on the
floor
You say "don't blow out the candles cause I want you to
see"
And suddenly you're naked standing right in front of
me
Baby, I see you
Hot rock, baby, you don't stop, we rock this, met her
On the "L" train, radiator hotness, orange tootsie
Pop and a Colgate smile, visions in my mind of me and
Her gettin' wild, shimmy cocoa pop, boogie down, fluff

Another, if you get with me there will never be
Another, c'mon everybody let's all get down, I need a
Real love baby, won't you please come around
(chorus)
You say "I will show you mine if you will show me yours"
And, one by one, we're throwing all our clothing on the
floor
You say "don't blow out the candles cause I want you to
see"
And suddenly your naked standing right in from of me
(chorus)
You say "I will show you mine if you will show me yours"
And, one by one, we're throwing all our candles on the
floor
You say "don't blow out the candles cause I want you to
see"
And suddenly you're naked standing right in front of
me
Baby, I see you
Cherry bubblicious and cocoa pop
Got you on my mind and it just won't stop
Tilt-a-whirl, babygirl, slip-n-slide
We can swing it cause I think you're fly
Cherry bubblicious and cocoa pop
Got you on my mind and it just won't stop
Tilt-a-whirl, babygirl, slip-n-slide
We can swing it cause I think you're fly
Baby, I see you
