Yeah, I Like it when the guys stop by
In the summer
Do you remember?
Do you remember
When we met that summer...

New Kids on the Block had a bunch of hits
Chinese food makes me sick
And I think it's fly when guys stop by for the
Summer, for the summer
I like guys that wear Abercrombie and Fitch
I'd take him if I had one wish
But he's been gone since that summer,
Since that summer

Hip-hop papa layed Spic & Span
Met you one summer and it all began
You're the best guy that I ever did see
The great Larry bird, jersey 33
When you take a sip, you buzz like a hornet
Billy Shakespeare wrote a whole bunch of sonnets
Call me Willy Whistle cause I can't speak baby
Somethin' in your eyes went and drove me crazy
Now I can't forget you and it makes me mad Left one
Day and never came back
Stayed all summer then went back home
McCaullay Culkin wasn't home alone
Fell deep in love, but now we ain't speakin'
Michael J. Fox was Alex P. Keaton
When I met you I said don't call me a bitch
You look like a guy from Abercrombie and Fitch

New Kids on the Block had a bunch of hits
Chinese food makes me sick
And I think it's fly when guys stop by for the
Summer, for the summer
I like guys that wear Abercrombie and Fitch
I'd take him if I had one wish
But he's been gone since that summer,
Since that summer

Cherry Pez, Coke, Crush Rock, Stud Boogie

Used to hate school, so I had to play hookie
Always been hip to the b-boy style
Known to act wild and make a guy smile
Love New Edition and the "Candy Girl"
Remind me of you because you rock my world
You come from Georgia where the peaches grow
They drink lemonade and speak real slow
You love hip-hop and rock & roll
Dad took off when you were 4 years old
There was a good man named Paul Revere
I feel much better baby when you're near
You love Fun Dip and Cherry Coke
I like the way you laugh when
I tell a joke
When I met you I said don't call me a bitch
You look like a guy from Abercrombie and Fitch

New Kids on the Block had a bunch of hits
Chinese food makes me sick
And I think it's fly when guys stop by for the
Summer, for the summer
I like guys that wear Abercrombie and Fitch
I'd take him if I had one wish
But he's been gone since that summer,
Since that summer

In the summertime guys got it goin' on
Bump and grind to a hip-hop song
Summertime guys are the kind I like
I'll steal your man like I stole your bike

Boogaloo shrimp and pogo sticks
My mind takes me back there oh so quick
Let you off the hook like my man Mr. Limpit
Think about that summer and I bug cause I miss it
Like the color pink, macaroni and cheese
Ruby red slippers and a bunch of trees
Call you up, but what's the use
I like Kevin Bacon, but I hate Footloose
You came in the door I said it before
I think I'm over you, but I'm really not sure
When I met you I said don't call me a bitch
You look like a guy from Abercrombie and Fitch

New Kids on the Block had a bunch of hits
Chinese food makes me sick
And I think it's fly when guys stop by for the
Summer, for the summer
I like guys that wear Abercrombie and Fitch
I'd take her if I had one wish
But he's been gone since that summer,

Since that summer

In the summer guys come and summer guys go
Some are worthwhile and some are so so
Summer guys come and summer guys go
Some are worthwhile and some are so so
Summertime guys got it goin' on
Bump and grind to a hip hop song
Summertime guys are the kind I like
I'll steal your man like I stole your bike

New Kids on the Block had a bunch of hits
Chinese food makes me sick
And I think it's fly when guys stop by
For the summer, for the summer
I like guys that wear Abercrombie and Fitch
I'd take him if I had one wish
But he's been gone since that summer,
Since that summer
