I know you know that love
Can make you cry
And break your heart
And you've been there before
And so you're so afraid
To let somebody in
Baby, won't you try again
Try again
(chorus)
Cause you're heart is safe with me
I'll never hurt you
I'll be there through everything
I won't make you cry
I know this world is cold
But in my arms you'll see
That you're heart is safe with me
That you're heart is safe with me
Safe with me
What can I do for you to understand
You're in good hands
I'll never do you wrong
Never do you wrong
What can I say to make your doubts all disappear
I won't let no tears get near
No, baby, I'll be here
(chorus)
And your heart is safe with me
I'll never hurt you
I'll be there through everything
I won't make you cry
I know this world is cold
But in my arms you'll see
That your heart is safe with me
That your heart is safe with me
Safe with me
I will be there for you
Be anything you need
Love can last forever
I'll show you how it feels
I'll keep my heart beside you
So your heart will see
(chorus)

That your heart is safe with me
I'll never hurt you
Your heart is safe with me
I'll never hurt you
I'll be there through everything
I won't make you cry
I know this world is cold
But in my arms you'll see
That your heart is safe with me
Yes, your heart is safe with me
Safe with me
Your heart is safe with me
Your heart is safe with me
Safe with me
Your heart is safe with me
Safe with me
