

LGK "Go Hard On The Beat"

Visit "[Go Hard On The Beat](#)" on MotoLyrics.com

I go hard on the beat like a hard n**** dick spit it so
quick make your a** get sick chemical equation gone
and balance it quick pop my g-string and spank me
real quick might be quiet but get deadly so quick
hypnotize your a** make you disappear quick excuse
me chick that's a new chandelier nope I really don't
have any fear eat this pussy like a stream of cream
shoot you with a 9 till you say please I'm still on the
scene ask me do I care I make my middle finger sing
love is a fantasy wake up it's reality open up your eyes
before I turn you blind quick all I rap about is killing
these chicks killing these beats LOL b**** stunning on
these chicks teaching them tricks Ha Ha b***** you're
a hood rat chick no I'm nikki spit the sickest s*** with it
I run it then rerun it I run it like I'm running s*** this
s*** so hard have these fake a** rappers rapping it
shh do you hear that I'm so quiet you can't even repeat
that it's so offical you can't retrace the signal hit you so
hard give you paralyzed bruises you linebacker
wounded sideline bruises don't underestimate my
game cause you'll be quick to loose it man I don't think
twice blow your brains about my pussy yelp it's all
about my stand ask masean who that be IDC about the
nigg enough about that time to go out fishing psychotic
lil chick got a straight jacket witness better ask whitney
change the game plans quickly up on your front porch
their to blow your brains swiftly like a magic trick
disappear real quickly hables mucho si shutup real
quickly spit so hard have your lame a** flinching
