Someday

Someday
The spirit of the heart

Someday
The spirit of the heart
To find
To feel you calling your way

And someday
The miracle will mend
You'll know the life
That needs the calling to faith

And someday
The spirit of the heart
To find
To feel you calling your way
The miracle will mend
You'll know the life
That needs the calling to faith

Someday

And someday
The spirit of the heart
To find
To feel you calling your way

And someday
The miracle will mend
You'll know the life
That needs the calling to faith

And someday
The spirit of the heart
To find
To feel you calling your way
